

Article 1 From the Pharmaceutical Integrity Coalition giving an account of Pfizer's longrunning and extensive criminal record for fraud.

Article 2 From the British Medical Journal account of whistleblower verified data integrity issues in Pfizer Covid19 vaccine trial.

Article 3 From Trialsite News discussing how the whistleblower case in Article two forced Pfizer to admit the fraud in US courts. Pfizer goes on to suggest that somehow they were not responsible for the fraud as the US government knew that Pfizer were being fraudulent. Is the Irish government aware of the fraud as Pfizer claims the American government are?

Article 4 From the Lynnwood Times describes the European Prosecutors Office has launched a criminal investigation into Pfizer and the European Commission.

Evidence Pack 5 Transmission Promises of Pfizer, Pfizer CEO Albert Bourla, Luke O'Neil, The HSE and The Oireachteas associating the Vaccine with reduced transmission rates.
